EXECUTIVE SUMMARY

Applied Machine Learning Engineer with 2 years of hands-on experience building computer vision and deep learning models in PyTorch. Proven track record optimizing real-time object detection systems and engineering automated data pipelines in Python and SQL.

TECHNICAL SKILLS

Programming Languages: Python, C++, SQL, Bash

Frameworks: PyTorch, TorchVision, FastAPI, Scikit-Learn, OpenCV

ML Ai: Deep Learning, Computer Vision, Object Detection, YOLO, CNNs, Transfer Learning

Databases: PostgreSQL, SQLite

Cloud: AWS (S3, EC2), Docker (Basics)

Tools: Git, Linux, Jupyter, Weights & Biases, TensorBoard

PROFESSIONAL EXPERIENCE

Machine Learning Engineer — VisionScale AI Labs (*Jul 2023 – Present (1 yr 2 mos)*)

- Engineered end-to-end PyTorch deep learning pipelines for image classification and real-time detection, serving over 1.2M daily inference requests.
- Constructed automated ETL and data-validation pipelines using Python and PostgreSQL, reducing dirty data rates by 34%.
- Benchmarked model inference using TensorRT and ONNX, reducing p95 latency from 140ms down to 38ms.

Machine Learning Intern — DataPoint Innovations (*Jan 2023 – Jun 2023 (6 mos)*)

- Developed Python scripts for automated dataset curation, augmentation, and hyperparameter tuning sweeps.
- Wrote complex SQL queries to aggregate customer usage logs and evaluate predictive churn models.

KEY PROJECTS

Real-Time Object Detection using YOLO (Tech: Python, PyTorch, YOLOv8, OpenCV, FastAPI)

Implemented a real-time edge object detection pipeline achieving 48 FPS on edge devices. Fine-tuned YOLOv8 on custom warehouse inventory dataset with 89.4% mAP50.

Predictive Analytics & Forecasting System (Tech: Python, Scikit-Learn, PostgreSQL, Pandas)

Developed an automated regression and gradient boosting pipeline for time-series demand forecasting with custom cross-validation.

Academic NLP Sentiment Classifier (Tech: Python, Transformers, Hugging Face)

Built an exploratory sentiment classification model on IMDb reviews during university coursework using DistilBERT.

EDUCATION

B.S. in Computer Science (Honors), University of California, Berkeley (2023)

CERTIFICATIONS

- Deep Learning Specialization — DeepLearning.AI (2023)
